CONSERVATION

As a certified diver you've witnessed firsthand the wonders that lie within our planet's waters. Your PADI® Open Water Diver certification introduced you to a world of adventure and discovery, and made you keenly aware that you've only just scratched the surface of all there is to experience beneath the waves. PADI continuing education courses are designed to advance your scuba skills, and give you added confidence so you can find new ways to explore the underwater world and keep doing what you love.

Whether you are looking to improve your skills or embark on a new adventure, PADI Dive Centers, Resorts and Instructors are committed to providing you with the highest standards for diver training so you can safely and confidently explore your interests and experience more of our ocean planet.

As a PADI Diver, you train with the best in the world and are part of the largest, most active global community of divers bound together by a shared passion for adventure and love for the underwater world.

Be Best. Be PADI.

EDUCATION

CORE COURSES

TAKE YOUR DIVING TO NEW DEPTHS WITH THE PADI ADVANCED OPEN WATER DIVER AND PADI RESCUE DIVER COURSES

The Advanced Open Water Diver course will give you the confidence to improve your skills and explore more of the underwater world. The Rescue Diver course will teach you how to prevent and manage problems in the water, giving you the self-confidence to be a better dive buddy and help others if needed.

DIVE DEEPER

PADI ADVANCED OPEN WATER DIVER*

Exploration. Excitement. Experiences. That's what the PADI Advanced Open Water Diver course is all about. Designed to advance your diving, you can start right after earning your PADI Open Water Diver certification. The course helps build confidence by encouraging you to "think like a diver" and expands your scuba skills under the supervision of your PADI Instructor. Custom-build your course, selecting from a variety of specialty dives that introduce you to new areas of diving, and develop capabilities as you find new ways to have fun scuba diving.

* PADI (Junior) Open Water Divers who are at least 12 years old may enroll in an Advanced Open Water Diver course. PADI Junior Open Water Divers who are 10-11 years old and want to take the next step should enroll in the PADI Adventure Diver course, a subset of the Advanced Open Water Diver course.

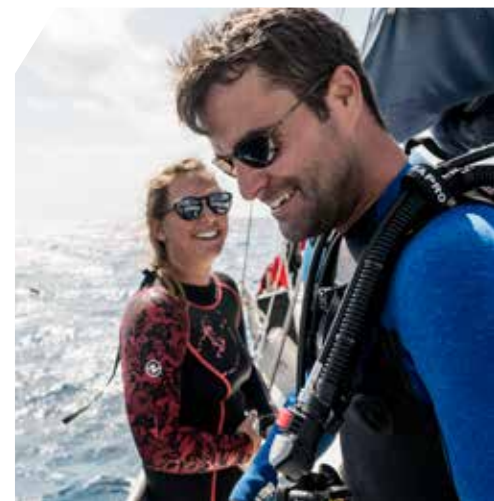

BECOME A BETTER BUDDY

PADI RESCUE DIVER COURSE†

PADI Divers consistently describe the PADI Rescue Diver course as the most challenging, yet most rewarding course they've ever taken. The Rescue Diver course prepares you to deal with dive emergencies, minor and major, using a variety of techniques. Through knowledge development and rescue exercises, you learn what to look for and how to respond. During the course you learn to become a better buddy by practicing problem-solving skills until they become second nature.

† PADI (Junior) Adventure Divers who are at least 12 years old and have completed the Underwater Navigation Adventure Dive may enroll in a Rescue Diver course. You must have Emergency First Response Primary and Secondary Care (CPR and First Aid) training within the past 24 months to become a PADI Rescue Diver. You can complete this training during the Rescue Diver course. Your instructor may also offer the PADI Emergency Oxygen Provider Specialty Diver course at the same time.

SPECIALTY COURSES

DISCOVER NEW WAYS TO EXPERIENCE THE UNDERWATER WORLD THROUGH A VARIETY OF PADI SPECIALTIES

Dive into history and navigate old war ships with the Wreck Diver specialty, or learn to capture perfect turtle images with the Digital Underwater Photographer specialty. With more than 26 courses to choose from, many of which you can take as a PADI Open Water Diver, PADI specialty courses teach you new techniques and give you the tools to enhance your exploration and your passion for diving.

A few of the most popular PADI specialties include:

- Enriched Air Diver
- Dry Suit Diver
- Deep Diver
- Peak Performance Buoyancy
- Wreck Diver
- Night Diver
- Digital Underwater Photographer
- Underwater Navigator
- Sidemount Diver
- Ice Diver

JOIN THE ELITE

PADI MASTER SCUBA DIVER™

Become a PADI Master Scuba Diver and join the best of the best in recreational scuba diving. A Master Scuba Diver rating places you among an elite group in which fewer than two percent of divers ever join. Your Master Scuba Diver card is proof that you've invested significant time in your dive training, accumulating scuba experiences and skills that allow you to maximize your potential and ability for underwater exploration and adventure.

The path starts with earning a PADI Open Water Diver certification, followed by PADI Advanced Open Water Diver and PADI Rescue Diver (or qualifying certifications). You also need to earn at least five PADI Specialty Diver certifications and have logged a minimum of 50 dives.

EXPLORATION

YOUR PADI OPEN WATER DIVER CERTIFICATION IS A LIFE-CHANGING PASSPORT TO ADVENTURE

With 6,500 PADI Dive Centers and Resorts and 135,000 PADI Professionals who have issued more than 25 million certifications around the world, you'll find PADI courses and scuba diving services nearly everywhere you've ever dreamed of visiting.

Find a PADI Dive Center or Resort in your community – or wherever your travels take you – at padi.com/diveshops.

There is so much to explore! The ocean is my life and I want to share it with everyone."

– Roberto Ochoa / PADI AMBASSADIVER™ / PADI DIVEMASTER / MARINE WILDLIFE VIDEOGRAPHER

COMMUNITY

UNITED BY A SHARED PASSION

As a PADI Diver, you are a welcomed dive buddy in the community of PADI Divers and Professionals around the world, all united by a shared passion for adventure and love for the oceans.

Be inspired by other PADI Divers and Instructors and see how they have fulfilled dreams to discover and experience the underwater world – and find transformation within themselves.

Watch their stories at mypadi.padi.com.

As a PADI Diver, you're invited to join My PADI Club®, a portal to a world of exploration and a hub for the dive community. With tools, expert advice and a community of divers, My PADI Club makes it easier to keep exploring and share the passion that is diving.

Learn more at mypadiclub.com.

PADI AmbassaDivers are committed to elevating diving in their communities and across the planet. Each AmbassaDiver carries the emblematic torch, lighting the way for more people to pursue their passion, discover their purpose or follow their dreams to explore, protect and experience the underwater world.

Meet the AmbassaDivers at padi.com/ambassadiver.

BE INSPIRED

Connect with PADI and millions of people worldwide through PADI's social channels.

- See stunning photos and watch videos of marine life and dive sites from around the globe.
- Discover awe-inspiring places to travel and dive.
- Find helpful articles with tips and advice from PADI Professionals to enhance your diving skills and experiences.
- Meet others with common interests and a passion for adventure, travel and the underwater world.
- Find out more information and learn ways you can take action as a diver to conserve and protect our blue planet, and the creatures that inhabit it.

Join the conversation.

CONSERVATION

A FORCE FOR GOOD

To be best *in* the world, we must be best *for* the world. We understand the importance of healthy oceans and the need to protect the marine life and biodiversity within. PADI supports global efforts that affect all of us as divers. Working with partners in conservation like Project AWARE® (projectaware.org), United Nations Development Programme (sustainabledevelopment.un.org) and Mission Blue™ (mission-blue.org), we amplify all our efforts to protect marine ecosystems and ensure the oceans will be preserved for generations to come.

As a PADI Diver, you join the global movement to sustain and improve the health of our blue planet.
